The Peace River Regional District (PRRD) has started a design study to identify and plan for enhancements to safety, accessibility and overall appeal of Spencer Tuck Regional Park – 6565 Lakeshore Drive, Moberly Lake. The study will examine challenges such as traffic flow, parking, washrooms and boat launch access. It will also evaluate the best course of action to either repair or replace the boat launch. After completing the study, a plan will be developed to address the current and future needs of park visitors and other interest groups.
