Subject: Letter of support

Good evening;

I am writing on behalf of the Charlie Lake Community Club for a letter of support from the PRRD for exterior upgrades to the Charlie Lake Hall. Over the last 10 years or so the current executive has carried out a number of upgrades to the local community hall including paving the parking lot, repainted the interior, replaced the tile ceiling, lighting, upgraded the kitchen and appliances and added a new HVAC system. It was agreed at executive meetings and at AGMs that an exterior facelift was needed to improve curb appeal to help with rentals of the hall as well as making the general hall area more attractive, as the hall was built in the 1970's and requires updating. I have gathered a few estimates for feasibility studies to ensure the right direction for the Charlie Lake Community Club is to move forward with exterior upgrades. This is a formal request for support from the PRRD to move forward with an application for financial assistance for the feasibility study and future grants for exterior upgrades. The estimates for the study were around the \$10,000 mark, and the grant application with the Northern Development Initiative Trust, Capital Investment Analysis is a maximum of \$10,000. Please forward this request to any individuals that would be in a position to give us a letter of support required in the application.

Thank you in advance,
Dean Baumeister

On behalf of the Charlie Lake Community Club.

Thank you,
