To whom It may concern

As a pink mtn resident who works at a local hotel I see devastating results of large corporations coming in. There is no regard to people who live here. We suffer greatly for pay and survival yet we watch US owned, Out of province owned and non local companies taking out business many times undercutting so low if we were to match we couldn't survive. Another camp just adds to that. It is not needed or wanted in this area

Thank you
