To whom it May Concern...

You don't know me, I'm Marney Portugaise.. Just one of the little guys in this big game. However no matter how little I am, this opening of another camp has a huge impact on my life, my job. I work in Pink Mountain, I work hard and would love to see the camp I work for to full capacity. It's disheartening when the rooms are already here, fully accessible and yet those from wherever, would like to just drop in another camp, gather the quick buck and move on... I live here in Pink Mountain and would love to see all of us from here, keep our jobs and do right by the companies in need of rooms. If the cost here were all full and there was overflow then sure, by all means bring in more?. However this is not the case. It angers me to drive down the hwy in either direction and either see camps that have just been left, or know of the ones that lie behind the trees...

Whatever happened to taking care of the Community? With other so called camps popping up in Pink Mountain the people of this little community will surely suffer, thus causing hardship all over..

Please reconsider this action, please see it through the eyes of our Community..

Thank You

Thanks.. Marney 😊
