Subject: Pink Mountain Camps

CAUTION: This email originated from outside of the organization.

Good afternoon,

Please be advised that more camps, gas stations, and convenience stores would be detrimental to the existing businesses struggling to survive in the Pink Mountain area. Infrastructure and natural gas activities have not respected the local businesses or community for the past years of LNG growth. Mine and Korey's businesses are 50% owned of Metis Ancestry, and the province and regional district should take the time to recognize the heritage that come with our businesses. We oppose the application put in for these camps in our area.

Thank you,

Korey Ollenberger
Lorene Dille

Sikanni River RV Park, which is unoperational due to Covid, for the past 2 years.
