Re: PRRD File # 20-001-ALR Exc.
ALC Application ID 59906 Walter

Dear Chairman Sperling and Members of the Board,

I am writing today to request your assistance in facilitating an application which was submitted in January 2020. I understand that at this time it is not expected that Mr. and Mrs. Peter Walter's application will be reviewed by the Board before its September 2022 meeting. This timing being dependent on the adoption of the Subdivision and Servicing Bylaw.

The Walters have been waiting for 2 ½ years to have their application considered and would request that the Regional District take steps to facilitate the presentation of their application to the Regional Board at the earliest possible opportunity following adoption of the Subdivision and Servicing Bylaw.

We thank you for your favorable consideration of this request.

Respectfully,

Sherry Gordon
Consultant for Peter and Agnes Walter
