Subject: INVITATION: Virtual Meeting With BC Assessment During UBCM

Hello!

BC Assessment is proud once again to support the Union of BC Municipalities and our ongoing partnership with local governments

With UBCM offering a virtual conference this year, we would like to continue to extend our annual invitation for a personalized, one-on-one meeting. The meetings will align with UBCM, taking place **Tuesday, September 22 – Thursday, September 24**, and will be held virtually by WebEx. The opportunity to meet individually allows you to discuss property assessment topics specific to your community, for us to answer general questions about BC Assessment or the assessment process, or for us to introduce ourselves.

If you are interested in booking a one-on-one meeting with us, please [contact BC Assessment Communications](#) by **Wednesday, July 15**. If you have any identified topics at this time, please include those in your response. After July 15, we will follow up with those who have expressed interest in a meeting with specific dates and times to choose from. As we get closer to the Convention, we will follow up with confirmed meeting attendees and provide details for WebEx usage.

Thank you for your continued partnership and collaboration, and we look forward to meeting with you in September!

Sincerely,

Rod Ravenstein, Director Local Government & Indigenous Relations

Michael Spatharakis, Manager Local Government Relations
