

PEACE RIVER REGIONAL DISTRICT

February 26, 2025

Written Statement from Chair Hiebert on Pink Shirt Day

Today, as we observe Pink Shirt Day, the Peace River Regional District stands with communities across Canada in taking a firm stance against bullying. What began with two Nova Scotia students standing up for a bullied classmate has grown into an international movement that reminds us that simple acts of kindness can create positive change. As a Regional District that values fairness, integrity and respect, we remain committed to ensuring the Peace region is a place where everyone is safe and valued. I encourage anyone experiencing bullying to reach out to available support services.

If you are experiencing bullying, or know someone who is being impacted by bullying, resources are available:
