RE: GRANT APPLICATION TO NDIT UNDER RECREATION INFRASTRUCTURE GRANT STREAM

Dawson Creek Ski and Recreation Association is applying for a Grant to:

- Replace 25 high pressure sodium 1000-watt lights with 300-watt LED lights.
- Reduction of electrical energy usage and maintenance requirements will help to ensure the long term viability of the ski hill.
- Purchase 2 new snow guns to improve the use of limited available water with more precise snow placement.
- Improvement to our snow making strategy will enable consistent earlier opening of the hill to ensure long term viability of this worthwhile amenity to the Region.

Sincerely
