----------	--	--------------------	--

1. Purpose

1.1 The purpose of the Timber Supply Policy is to state the Peace River Regional District (PRRD) Board’s position regarding retention of local timber supply in the region for processing.

2. Scope

2.1 This Statement of Policy applies to the PRRD Regional Board and staff.

3. Definitions

3.1 *Wood processing*: the various types of procedures utilized to turn raw wood into other wood-based goods.

4. Policy

- 4.1 The Regional Board encourages and supports the retention of timber harvested in the region in its area of origin for processing.
- 4.2 The Peace River Regional District encourages the forestry sector to promote the manufacture and processing of wood harvested in the North Peace Area in a maximum value added way in the North Peace.
- 4.3 The Peace River Regional District encourages the forestry sector to promote the manufacture and processing of wood harvested in the South Peace Area in a maximum value added way in the South Peace.
- 4.4 The Peace River Regional District promotes the retention of locally harvested timber in the region for processing so that Peace Region communities realize the maximum net economic benefit from the local timber supply.
