PROJECT COSTS

Total Cost of Project: ~~2500.00~~ \$5,000Amount Requested per ~~year~~ \$2,500For how many years? 1 yr ☐ 2 yrs ☒ 3 yrs ☐Have you applied to a municipality for funding? Yes ☐ No ☒ If so, how much did you apply for?Was your application successful? Yes ☐ No ☐ If so, how much did you receive?

Describe the project for which your organization is requesting a grant and the reason for your request.

If more space is needed, please add it as an attachment to your application.

We have been receiving a yearly grant of \$1240 from Regional district to pay for the mowing and maintenance of our cemetery. Last year our contractor resigned mid-season and we hired an interim mower. This person informed us that the amount was sorely inadequate and would require \$2500 per season per cemetery to continue. We have been in contact with our Director on our options going forward. The Regional district is undergoing research as to the future of rural cemetery maintenance etc. Until a conclusion is determined we continue to hire a contractor to fulfill the mowing and maintenance obligations. The contractor has determined the minimum to be \$2500. As we have already received \$1240 from Regional district as per our pervious 3 year grant application, we are requesting an additional \$1300 to cover the balance of our cost for the 2020 season.

Just a note to let you know that the 2021 maintenance season will also be \$2500, so we hope to receive and additional \$1300 in addition to our persent grant of \$1240 that will be in the last year of that 3 year grant application.
