

LEGISLATIVE ASSEMBLY
of BRITISH COLUMBIA

December 15, 2020

Hon. Rob Fleming
Minister of Transportation
Parliament Buildings
Victoria, BC V8V 1X4

Dear Minister,

The Braden Rd is highly utilized road that connects the Alaska Highway to Hart Highway. On each end of the road, before it joins the busy highways, there is a simple stop sign. On the road intersecting the Hart Highway the road continues straight through and in the dark, it can be deceiving as it looks like you can keep going across if you do not see the stop sign. Sadly, many people don't see the stop sign in time to be able to stop before entering the highway and we have had numerous accidents and near misses including one just recently, that took the life of a young man.

What we are asking is that the Ministry of Transportation install rumble strips and a blinking red light attached to the existing stops signs on both ends of the Braden Rd.

By simply adding these warnings, it would greatly reduce accidents at these intersections, saving lives and preventing costly crashes.

Thank you for your quick response and action in getting these measures in place as soon as possible.

Sincerely,

Dan Davies
MLA – Peace River North

Mike Bernier
MLA – Peace River South

cc Bob Zimmer, MP
PRRD Board of directors
