Dear Mr. Stewart:

Re: Moberly Lake Fire Department Local Service Establishment Bylaw No. 1074 and  
Moberly Lake Fire Department (South) Local Service Establishment Bylaw No. 1076

Enclosed is one copy of each of the above noted bylaws approved under the provisions of section 795(1)(a) of the *Municipal Act*.

The Regional Board may now seek the assent of the electors by conducting a vote in accordance with Part 3 of the *Municipal Act*. Part 3 applies in its entirety to the conduct of this vote and should be consulted before making any arrangements. Of particular significance are critical deadlines with respect to the vote including:

- \* general voting day must be within 80 days of the Inspector's approval of the bylaw (section 162).
- \* bylaws under Part 2 must be adopted at least 6 weeks before general voting day in order to apply to the vote (section 163).
- \* the chief election officer must establish a 10 day scrutineer application period such that scrutineers can be appointed before the first voting opportunity.
- \* the chief election officer must issue a notice of application to volunteer as a scrutineer at least 6 but not more than 30 days before the scrutineer application period begins (section 179).
- \* the chief election officer must issue a notice of other voting at least 6 but not more than 30 days before general voting day (section 164).

In addition, since many of the provisions of Part 2 of the *Municipal Act* apply to this vote, review of that Part is recommended before making any arrangements for the vote. Part 2 provides direction on such things as: appointment of officials; registration; voting opportunities and arrangements; and counting procedures.

We would appreciate being advised of the results of the vote, and should it be in the affirmative, please forward one adopted certified copy of each bylaw to this office as required under section 794(4) of the *Municipal Act*.

Please also forward six copies of a map outlining the boundaries for each service area, in order that we may commence procedures to have the Assessment Authority provide for the necessary coding for taxation purposes.
