Project	0028 Security cameras (Chetwynd Arena)		
Department	Chetwynd Arena		
Version	1. Provisional Budget	Year	2021

Description

Description

Installation of new security video cameras at the North West corner of the facility.

Benefits

This is a blind spot in the security system. In 2020 there were two incidents that the RCMP requested video footage of and facility staff were unable to assist as there are no cameras at this corner.

Risks

Required for customer service, record keeping, reduced liability, and operational efficiency
