Dear Peace River Regional District Board

Re: PETRONAS Canada's COVID-19 preparedness and relief efforts

As we continue to monitor COVID-19 we are mindful of the impact and stress this is causing in our communities and in our families. We wanted to reach out to you to let you know what we are doing to protect and assist local communities during this time.

At PETRONAS Canada, the health and safety of our staff and the local and First Nations communities where we operate are our top priority. We are monitoring the COVID-19 situation closely and are taking proactive measures in our offices, work camps and at our worksites that align with the direction from provincial and federal governments and health authorities to try and contain the spread of the virus. As a provider of an essential service in British Columbia and a large employer in the region, we are working hard to manage and mitigate COVID-19 risks to worker health and safety in order to maintain continuity of operations, employment and activity levels. An overview of our response is on our website, www.petronascanada.com, and this information will continue to be updated as necessary.

We are also focused on supporting the wellbeing of communities where we operate. We have made a \$50,000 donation to the United Way of Northern BC's COVID-19 Relief Fund for Northern BC, which will be directed toward critical community needs.

We will continue to reach out to our local and First Nation neighbours to identify ways we may be able to help you in these challenging times. We encourage you to stay in contact with us as we work together to manage these challenges.

If you have any questions or concerns regarding our response measures, please don't hesitate to reach out.

Stay safe,

A handwritten signature in black ink, appearing to read "Julie Bourdon".
