**Re: Follow up to West Moberly First Nations and Peace River Regional District Meeting Feb 16, 2024**

---

On behalf of West Moberly First Nations, I would like to express our appreciation for engaging with us on February 16, 2024 to review and discuss the agreed parcels of lands that will be transferred to the Nation within the Peace River Regional District as new reserve lands. We see this as another key step in maintaining a mutually beneficial and cooperative relationship with the Peace River Regional District that will positively enhance our communities.

As the Peace River Regional District updates or revises bylaws (including local area OCPs and Zoning Bylaws), West Moberly First Nations would appreciate being kept apprised of these changes to ensure we continue to work together in creating a unified vision for our communities.

One of the next steps in the implementation process will be to form a working group to prepare a new Municipal Type Service Agreement (MTSA). We envision this working group to include input from engineers and land use planners from both communities as well as other representatives. To my understanding, Shawn Dahlen, CAO, for the Peace River Regional District and Tammy Brown, TLE Lead, for West Moberly First Nations will be the main contacts for this working group.

We look forward to continuing to build an open and mutually beneficial relationship with the Peace River Regional District. Feel free to contact our TLE Lead, Tammy Brown, with any questions and/or to set up meetings. She can be reached at 250-788-3676 between 8am and 4pm Monday to Thursday or via email at [tlead@westmo.org](mailto:tlead@westmo.org).

Wuujo aasana laa,

---

Chief Roland Willson  
West Moberly First Nations
